

CERTIFICATE OF INSPECTION

STREETS; WATER AND SEWER UTILITIES; GRADING; STORM DRAINAGE; AND ASSOCIATED WORK

Name of Project: Phillips Crossing Addition to City of Baltic
Design Firm of Plans and Specifications: Stockwell Engineers, Inc.
Inspection Firm of Plans and Specifications: Banner Associates, Inc. ("Banner")
Date of Approved Plans and Specifications: Grading and Utility Installation - March 10, 2021
Surfacing Improvements – April 12, 2021

I certify that I am a duly licensed engineer in the State of South Dakota, and that to the best of my knowledge, information, and belief, it is my professional opinion that the above referenced project was completed in accordance with the approved plans and specifications referenced herein, and complies with all applicable laws, ordinances, and regulations in effect for the City of Baltic at the time of the work. This certification of inspection is made pursuant to generally accepted engineering standards and practices.

Banner was not the Design Firm of Plans and Specifications and was not involved frequently during the construction of the project. However, since construction was completed, Banner has inspected the work at the site several times and reviewed the Approved Plans and Specifications. This Certificate of Inspection is not an acceptance of liability by Banner of work performed by Stockwell Engineers, Inc.

Location description of Completed Streets; Water and Sewer Utilities; Grading; Storm Drainage; and Associated Work: (if not "ALL", then include street names, station ranges for completed streets, or specific locations of completed grading, detention ponds, and other associated work):

All streets shown on plans prepared by Stockwell Engineers, Inc. dated 3-10-2021 and 4-12-2021
